The ISS Values

Unity

We trust each other and believe in creating equality, inclusion and a sense of belonging for all – a culture where everyone can be their authentic selves. That includes building diverse talent and teams, creating space for collaboration, as well as leaning on and learning from one another. We know that when we act together, we deliver a better experience for our customers and their communities. Only together and united, can we deliver on our purpose.

Honesty

At ISS, we have a proud heritage of fairness, equality and inclusion. Every day, we strive to create a culture of open communication and collaboration, where differences and individual contributions are respected and celebrated.

Responsibility

The health and well-being of our people and those we serve is our number one priority. We want our people to be happy, to feel valued and to thrive. This means putting all our efforts into creating safe and nurturing working environments and enhancing the communities we work within.

Entrepreneurship

At ISS, we lead by example. That means empowering people to act and innovate, suggesting improvements and better ways of working and calling out behaviour which undermines our values. Our people know they are empowered to do the right thing.

Quality

Our people are part of one big global family that all share the same purpose – connecting people and places to make the world work better. We provide a skilled, empowered and motivated workforce who seek to deliver the highest standards 24/7, 365 days a year.

To ensure good corporate governance ISS has adopted a number of compliance policies and standards some of which can be found [here](#).

ISS has adopted a Speak Up Policy to provide a secure and confidential channel for reporting concerns.

The Speak Up Policy is available [here](#) (EN) and in other languages [here](#). If you want to learn more about the Speak Up go to Responsible Business Conduct & Speak Up [here](#).
